## Jane Nyafwono

Jane is 58 years old. She is the 4<sup>th</sup> born out of 12 children. She never went to school because her parents had a negative attitude towards education. In 1973 she got married to her husband John. He was a peasant. They had six children; Stephen 38 married with 5 children, Juliet 36 married with 6 children, Federica 34 married with 6 children, Immaculate 32 married with 4 children, Beatrice 30 married with 4 children and Betty 40 died but left 2 children. In 1990 her husband died in an accident. Jane has no current business because she lacks startup capital. Her prayer is that when God opens the door and she gets support for a business, she will start a business of selling fish. This she believes will change her story. Jane is fine according to her. Through the H4WI program she believes that she will be able to do business, buy goats, afford basic necessities for her family with ease and save for other family needs.
