## Jennifer Nyero

Jennifer is 38 years old. She is the 4<sup>th</sup> born out of 11 children. She dropped out of school in primary four class because she lacked school fees. In 1998 she got married to her husband James. He was a business man. They had 6 boys; Charles 20 not married, Fred 13 in P.6 class, Robert 11 in P.5 class, Ojwangi 9 in P.4 class, Augustine 7 in P.2 class and Joseph 3 not schooling. In 2016 the husband died. Jennifer's current business is of selling silver fish with a capital of 30,000 shillings. The profit she gets is not enough to sustain the business. Her prayer is that when God opens the door and she gets support for a business, she will expand her business for more profits in order to support her children's education. This she believes will change her story. Jennifer has stomach problems which has disturbed her for the last 2 years. She gets treatment from the nearby health center. Through the H4WI program she believes that she will be able to expand her business, educate her children, save some money for other family needs and afford basic necessities for her family.
