Topista Aboth

Topista is 38 years old. She is the first born out of 5 children. She dropped out of school in primary 3 class because her mother died. In 1998 she got married to her late husband Patrick. He was a business man. They had 6 children; Francis 21 not schooling, Patrick 19 in form 3 class, Fulumera 16 in P.7 class, Vicent 13 in P.4 class, Pius 12 in P.3 class and Mary 9 in P.3 class. In 2015 her husband died of diabetes. Topista's current business is of selling fish with a business capital of 50,000 shillings. The profit she gets is not enough to cater for her overwhelming family basic necessities. Her prayer is that when God opens the door and she gets support for a business, she will expand her business for more profit. This she believes will change her story. Topista has pain in her bones which has disturbed her for the last 4 years. She gets treatment from the nearby health center. Through H4WI the program she believes that she will be able to expand her business, educate her children, afford basic necessities for her family and buy a cow for milk.
