Benefits of the support to the family

Anna has benefited in the following ways:

- ✚ Pays school fees for her children; Edison in form 4, Lydia in form 3, Winfred in P.7, John in P.6, Nelson in P.5 and David in P.2
- ✚ Buys basic necessities for her family.
- ✚ Saves 5,000 shillings per week for other family emergency needs.
- ✚ Used 120,000 shillings and bought millet where she expects to sell for 250,000 shillings, which she will use for buying goats for business.
- ✚ She has saved 180,000 shillings for future family business plans.

Future plan

She plans to sell millet and put back into the business and also buy goats. When she makes more profits, she will buy land for her family because the husband never left her with family land. They are staying in a rented house.

Assessment/Sustainability

According to Anna, the business profits and savings will help her sustain the business when her sponsorship ends.

Conclusion

“Dear my friends Suzanne Beck’s Group,

Thank you so much for supporting me. May God bless you and reward you abundantly. I had nothing but through your support, I was able to do business and now am paying school fees for my children, my business has grown and am also now able to save 5,000 shillings per week for other family emergency needs. My son Edson is doing his form four examinations this month of October. If it were not of your support, he would have missed this chance. Pray for me that through this business, I will be able to support him and others in high school. Thank you so much for changing my story. I wish you a Merry Christmas and a Happy New Year 2019.

God bless you”

Your sister Anna.
