Justine Muchemba

Justine is 41 years old. She is the 5th born out of six children. She dropped out of school in primary four because she lacked school fees. In 2003 she got married to her husband Peter. He is a peasant. They have six children; Neiva 14, Mercy 16, Tracy 10, Sandra 8 and twins (Betty and Remy) 5 years. Her current business is of selling assorted vegetables with a capital of 40,000 shillings. The profit she gets is not enough to sustain her business. Her prayer is that when God opens the door and she gets support for a business, she will expand her business for more profits. This she believes will change her story. She sleeps in a semi permanent house. Justine has a hernia and regular headaches which have disturbed her for the last year. She gets treatment from the nearby health center. Through the H4WI program she believes that she will be able to expand her business, educate her children, buy basic necessities for her family with ease and get proper medical treatment.
