### **Kingdom Preparation**

**Woman's Name: Anjela Nyadoi**

### **Current photo:**

**Anjela with her business, her goat, and her son with his wife and child. Behind them is her house where she sleeps.**

### **Health**

Anjela is fair according to her though she is HIV positive and on ARVs.

### **Health of children**

Children are fine according to her.

### **Business**

Selling of silver fish and other items

### **Progress**

Buys silver fish and fish for 60,000 shillings and makes a profit of 20,000 shillings twice a week. Buys tomatoes and other items like egg plants and sugar for 30,000 shillings and makes a profit of 10,000 shillings twice a week.

### **Other activities**

Plants maize, millet and groundnuts for home use and some surplus for sale.

### **Benefits of the support to the family**

Anjela has benefited in the following ways:

- Bought one goat.
- Saves 10,000 shillings per week for buying iron sheets.
- Buys basic necessities for her family.
- Buys a balanced diet for her family.
- Pays medical bills for herself whenever she falls sick.
- She has saved so far 200,000 shillings towards purchase of iron sheets for her new house.

### **Future plan**

She plans to continue with her business and build an iron sheet house because her current house is grass thatched and leaks a lot during the rainy season.

### **Assessment/Sustainability**

According to Anjela, the business profits and savings will help her sustain the business when her sponsorship ends.

### **Conclusion**

“Dear my friend Suzanne Beck’s Group,

Thank you so much for supporting me. May God bless you and reward you abundantly. Through your support to me, my business has grown, am able to afford a balanced diet for my family and am now self reliant and happy. Thank you so much. I wish you a Merry Christmas and a Happy New Year 2019.

God bless you”
